

The 2nd International Conference on Spring Technologies

Hosted by:

14th - 16th September 2020, Dusseldorf Germany

Call for Abstracts

Call for Abstracts

The 2nd ICST will take place in Düsseldorf, Germany on 14th - 16th September 2020. Authors are invited to submit abstracts describing original and interesting work.

Scope

During the ICST, you will not only be able to attend academic lectures, but you will also be able to gather information about production technologies and measuring techniques from exhibition booths. In addition, you will have the chance to interact with engineers from around the world in the banquet that will be held after the lectures.

Topics

topics of interest include, but are not limited to:

- 3D printing
- application
- bending
- calculation/simulation
- coating
- corrosion
- creep / relaxation
- disk springs
- durability / fatigue
- grinding
- heat treatment
- hot forming / cold forming
- leaf springs
- machinery, supplies and services
- manufacturing
- measurement and testing
- numerical analysis
- shot peening
- special materials (non-ferrous, composite, other)
- steel for springs (wire / strips)

Submissions and proceedings

Abstracts:

Abstract text should not exceed 200 words. Abstracts also have to include the title, the keywords, the name of the authors and their institution. The abstracts will be peer-reviewed by the national committee and should be submitted to weinrich@federnverband.de.

Peer review process

Articles submitted for possible publication are subjected to a double-blind, peer review process. Articles are first reviewed by editors. Referees' evaluations usually include an explicit recommendation of what to do with the manuscript. Referees' comments are then seen by the author.

Papers:

After acceptance the full papers (A4 size, within 8 pages) should be prepared by using the "Full Paper Template". All accepted papers will be published in the conference proceeding.

Important dates

abstract submission:	September 6 th , 2019
notification of acceptance:	October 4 th , 2019
submitting manuscripts:	February 14 st , 2020
recommendations and comments:	April 24 th , 2020
submitting final manuscripts after peer-review:	June 30 th , 2020
submitting poster copy:	July 3 rd , 2020
registration:	July 31 st , 2020

Best paper Award

Best Paper Award is conferred by the ICST national committee based on scientific significance, originality and outstanding technical quality of the papers. Best Paper Award author will receive a certificate!

Germany: is a country in the heart of Europe, with 83 million inhabitants, it is the second most populous state of Europe after Russia, the most populous state lying entirely in Europe, as well as the most populous member state of the European Union.

Düsseldorf: is the capital and second-largest city of the most populous German federal state of North Rhine-Westphalia after Cologne, with a population of 617,280. Düsseldorf Airport is Germany's third-busiest airport after those of Frankfurt and Munich, serving as the most important international airport for the inhabitants of the densely populated Ruhr, Germany's largest urban area.
